

# PT FM Mining

## Key Personnel

Siegfried (Ziggy) Lachs

*Major Projects Manager*

Siegfried has 20 plus years experience in Engineering Design & Project Management, he has held senior roles as Plant Design Lead Engineer & Project Manager for several companies including Rio Tinto Australia, Promet Engineering Services, BHP Billiton & PT. Amcoen Indonesia. His engineering knowledge and skills are second to none within his specific discipline of Mechanical Design and Bulk Materials Handling, however, his sound overall understanding of engineering principles and processes enables him to manage quality, efficiency and delivery of all types of project work. Siegfried permanently relocated to Batam Indonesia in January 2020.
